4. Login / Register

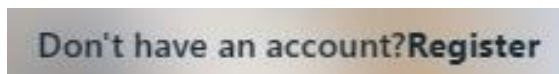

We will use the login page for both guest and staff. We use email and password to login. If your email is not in the correct form, we will have a notice for you

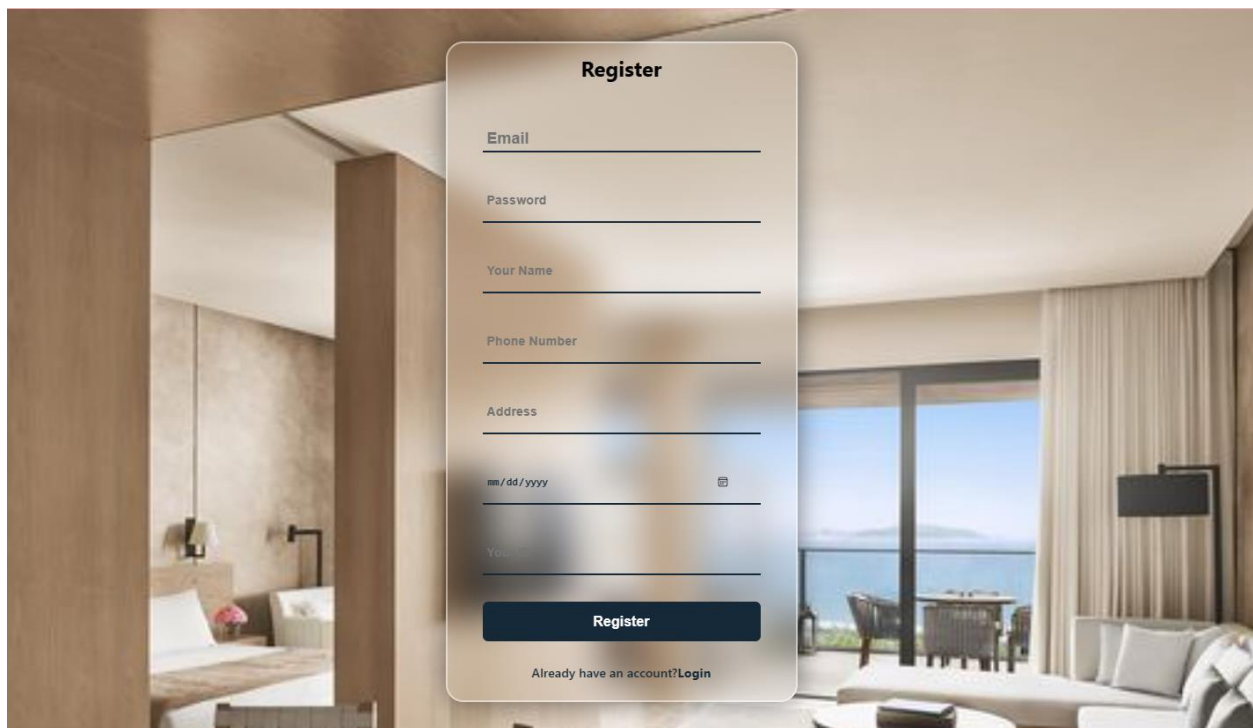

In password, you can hide or show your password by using the button.

If you do not have an account, you can move to register by clicking on the 'register'.

And you will move to the register.

A screenshot of a mobile application showing a 'Register' form overlay on a background image of a hotel room. The form has the title 'Register' at the top. It contains seven input fields: 'Email', 'Password', 'Your Name', 'Phone Number', 'Address', a date field with a placeholder 'mm / dd / yyyy' and a calendar icon, and a field for 'Your ID'. Below the fields is a dark blue 'Register' button. At the bottom of the form, there is a link that says 'Already have an account? Login'.

The register form has 7 sections and you have to complete all of them: email, password, name, phone number, address, date of birth and identification. Like the login, if your email is not in the correct form, we will have a notice for you. If you miss any value, we can not register. And we also create a link for you to go back to 'login'.
