Sprint 3
Sprint Planning

Goal For this Sprint
- Finalize the Architecture of the software
- Draw the class diagram
- Design the database
- Implement prototypes for user interface
- Implement login-register feature
- Implement the booking feature
- Implement the management feature
- Documenting weekly reports
- Complete PA3

Task Assignment:

- Huỳnh Cao Minh
  - Assigned Tasks
    - Finalize the Architecture of the software
    - Draw the class diagram
    - Design the database
    - Implement the booking feature
    - Documenting weekly reports
    - Complete PA3
- Ngô Thị Thanh Thảo
  - Assigned Tasks
    - Finalize the Architecture of the software
    - Draw the class diagram
    - Design database
    - Implement prototypes for user interface
    - Documenting weekly reports
    - Complete PA3
- Phạm Khánh Toàn
  - Assigned Tasks
    - Finalize the Architecture of the software
    - Draw the class diagram

- - - Design the database
    - Implement the booking feature
    - Documenting weekly reports
    - Complete PA3
  - Lê Phước Thịnh Tiến
    - Assigned Tasks
      - Finalize the Architecture of the software
      - Draw the class diagram
      - Design database
      - Implement the management feature
      - Documenting weekly reports
      - Complete PA3
- Phan Phước Hải Nam
  - Assigned Tasks
    - Finalize the Architecture of the software
    - Draw the class diagram
    - Design database
    - Implement prototypes for user interface
    - Documenting weekly reports
    - Complete PA3
